

FLAGSTONE & SLABS

Moss Rock Flagstone

DESCRIPTION

Moss Rock stands out for its rugged character and natural variation, blending deep brown, tan, and muted olive tones with occasional hints of lichen green. The stone's surface carries organic pitting and subtle texture changes that highlight its raw, weathered nature. Its earthy palette and unrefined charm give it a distinctly grounded feel—authentic and full of natural presence.

STONE THICKNESS:

1" - 3" plus, 2" minus
